## **“APPLICATION OF ARTIFICIAL INTELLIGENCE IN TEACHING AND LEARNING”**

**Objective:** To develop expertise of teachers in application of AI to facilitate online teaching and learning :

- To personalize/customize electronic tutoring and learning for each student.
- To make knowledge more accessible to students,
- Simplification of grading and assessing project work and assignment.

**Guidelines :**

- (1) Attendance in all the sessions will be mandatory.
- (2) A Laptop with good internet connectivity will be required to facilitate hands on experience/training in the workshops.
- (3) e-certificate will be provided after successful completion of the course as well as the assignments.
